# INTRODUCTION

The Career Services Center (CSC) of Philadelphia University is pleased to present its Senior Survey for the Class of 2008.

This survey includes students with graduation dates of August 2007, December 2007 and May 2008. Statistics are derived from a survey response pool of **335** from a total graduating class of **493**. Of the **335** graduates, **291 or 87%** have reported post-graduation employment or graduate school acceptance. Employment plans were reported by **233 or 70%** of graduates (up from 68.5% in 2007). Graduate school plans were reported by **58 or 17%** of graduates (down from 19% in 2007). The remaining **45 or 13%** indicated they were still seeking employment at the time of this report.

Factors that contribute to this success include the talents of our students, their high-quality academic preparation, faculty and alumni networks, recognition we attain from numerous regional and national employers, the provision of a comprehensive array of experiential education opportunities, career-development services and programs, and the effective job and graduate school searches conducted by our students. This success translates into a range of starting salaries from **\$25,000 to \$60,000** with a reported average salary of **\$36,576**. The average starting salary for 2008 represents a 6.76% decrease in salaries over 2007 graduates.

The Career Services Center assists students with their career and professional development, offering opportunities to prepare for their job search and connect with industry representatives. Programs, services and workshops available to students in the last academic year include:

- CareerLink Job Board
- Job Search Skills
- Resume Writing
- Cover Letter Writing
- On-Campus Recruiting
- Interviewing Skills
- ReferenceUSA
- Evaluating Job Offers
- Senior Job Search Portfolios
- Professional Etiquette Dinner
- Graduate School Prep Sessions
- Corporate Connections Networking Reception
