

ADVISORY – Consultant**Department: Advisory Services**

SMART Business Advisory and Consulting, LLC (www.smartgrp.com) is a premier, full-service business consulting and advisory company serving clients globally. SMART offers innovative solutions to public and private companies in the areas of business consulting and advisory, technology, business process, accounting, compensation and benefits, and tax. Through an alternative practice structure, SMART and Associates, LLP offers a full range of attest services.

SMART's Advisory Services is a diverse practice that provides an opportunity for growth and career progression. Within our four service lines - Insurance & Reinsurance Consulting, Enterprise Risk Management, Litigation Support, and Business Valuation, you will have the opportunity to have an active role in diverse engagements such as forensic accounting, auditing (internal and IT), financial and operational analysis, business risk assessments, and computer forensics. In addition, we also provide specialty solutions to targeted industries such as Higher Education, Health Care and Life Sciences. You will have the opportunity to provide business process analysis and improvement in industries for which SMART holds a unique edge over its competitors.

SMART's Advisory Practice consistently exceeds client expectations when serving their business needs. This can only be accomplished with a core of experienced and knowledgeable professionals with a passion for excellence. When you join our team, you can expect challenging yet engaging projects, while we will remain dedicated to providing the necessary training and guidance to assist you in constructing your professional career. When you are ready, we will provide the opportunity for stretch assignments and rapidly increasing responsibility.
