

## Accelerated Degree Completion Program for Adult Learners

# Bachelor of Science in Health Services Management

The Health Services Management concentration is intended for professionals wishing to enhance their clinical expertise with studies in health policy and health delivery systems. Its focus is on those who aspire to management and leadership positions. The major combines their clinical expertise and builds a familiarity with the key trends and stakeholders impacting the contemporary health care system in the United States.

**Receive your degree. Realize your dream.**

This program is intended for adults who have a base of 60 credits to apply to their BS degrees. These credits **are acquired through block transfer of credits from previously attended, accredited colleges and universities and/or credits earned by taking courses at Philadelphia University and/or credits earned for lifelong learning experiences (i.e. professional, personal, educational) that are granted by faculty after compilation and submission of a directed portfolio. Credits must include college-level courses in Writing, Math, Scientific Reasoning, History, Social Science, Humanities and Information Systems.**

*(Please note: Information Systems training or coursework required within 5 years of enrollment in the program.)*
