DEVON CORRELL

My major is Fashion Industry Management and I absolutely love it. I am from Rutland, Vermont born and raised. Its 400 miles away but being that far, this school could not feel more like home. Adjusting is so easy, and the friends I have met already will be my friends for life. I have had an amazing first year and I hope you'll be able to experience it like i did! I joined Cheerleading, FIA (Fashion Industry Association), and Delta Phi Epsilon, all of the pictures represent all the activities I was able to partake in through these organizations and PhilaU itself.
