The Germantown White House

Environmental Issue: Yes, George Washington slept here. You will be part of a team of senior (over 50-years-old) environmental volunteers. You will be conducting the Spring planting for the gardens of this historic house. Garden design and planting will require working with an expert to pick flowers and plants that will enhance gardens in and around Deshler-Morris House.

Chapters in Textbook: Ch. 4 Biological Communities and Species Interaction
Ch. 5 Biomes, Landscapes, Restoration, and Management

Title: Planting Flowers with a Horticulturist and other volunteers

Dates: Flower Garden Design and Planting (6 students), Wednesdays, 1-4 pm. (April 4&11)

On-Site Supervisors: Steve Sitarski and Ellie Schleicher
Deshler-Morris House
5442 Germantown Ave.
Philadelphia, PA 19144
215-597-1586
Website: http://www.nps.gov/inde

On-Campus Supervisor: Stephen Staudt
Office hours: 9-11am, Wednesdays, Room 210H (Bio. Lab)
Phone: 215-656-6041
