Two poster presentations: both on The Use of Quiet Books with People with Late Stage Dementia. Presentations discussed the application of occupation based and sensory stimulation literature in the creation of a soft quiet book, to manage behaviors in people with late stage dementia at home. A case study was also presented to illustrate the positive impact of the intervention.

One poster was presented at the Pennsylvania Occupational Therapy Association Annual Conference in Lancaster, PA on October 15, 2016.

The other poster was presented on the online 24 hour virtual OT exchange, an international online 24 hour free conference. This took place on October 27, 2016.
